Appendix 1

Explanations concerning the votes on compensation of the Board of Directors and the Executive Committee (item 6).

The Ordinance against Excessive Compensation in Listed Stock Companies (OaEC) requires that Givaudan holds an annual binding vote on the compensation of the Board of Directors and the Executive Committee.

On this basis and in accordance with the OaEC and our Articles of Incorporation, the Board of Directors will propose for shareholder approval⁽¹⁾:

1. the maximum aggregate amount of Board of Directors' compensation for the period until the next Annual General Meeting in 2019;
2. the aggregate amount of short term variable compensation of the Executive Committee for the past fiscal year (2017); and
3. the maximum aggregate amount of fixed and long term variable compensation of the Executive Committee for the current fiscal year (2018).

Our compensation is aligned with our compensation policy and continues to include a significant portion of share-based components to align our Board of Directors' and Executive Committee's compensation with shareholder interests. Executive Committee variable compensation remains highly performance oriented and weighted towards the long term, with variable elements representing a significant portion of overall Executive Committee compensation.

We have continued our practice of presenting the Givaudan compensation report for a consultative vote at the Annual General Meeting, giving shareholders the opportunity to approve our compensation policy and reconfirm amounts previously approved on a prospective basis.

For further details on our compensation system, please refer to the compensation report (pages 78 to 91 of the Givaudan Annual Report):
www.givaudan.com/media/publications

⁽¹⁾ These amounts do not include compulsory social security insurance contributions, estimated at approximately 8% of the respective compensation amounts.

Explanations concerning compensation of the Board of Directors (item 6.1)

The proposed amount of CHF 2,950,000 is payable to the Board of Directors and, as an indication, consists of both:

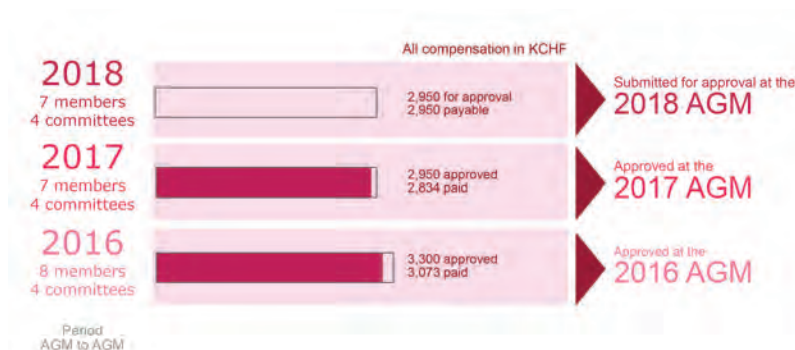

1. Fixed fees including Directors fees and Committee fees of up to CHF 1,400,000; and
2. Restricted Stock Units, the value of which is calculated using the economic value at grant according to IFRS methodology, with no discount applied for the three years vesting period.

Givaudan pays compulsory social security insurance contributions as required by law. No variable compensation or pension benefits are awarded to members of the Board of Directors.

Givaudan has paid amounts within the approved maximum amounts and in accordance with the Articles of Incorporation.

The proposed aggregate amount submitted for approval at this year's Annual General Meeting for the compensation of the Board of Directors remains unchanged compared to last year.

The diagram below details Board of Director amounts submitted for shareholder approval and amounts actually paid or payable.

For further details on the compensation of our Board of Directors, please refer to the compensation report (pages 78 to 91 of the Givaudan Annual Report): www.givaudan.com/media/publications

Explanations concerning compensation of the Executive Committee (item 6.2)

With regard to the Executive Committee, the Board of Directors is seeking shareholder approval for:

1. the aggregate amount of short term variable compensation for the past fiscal year (2017); and
2. the maximum aggregate amount of fixed and long term variable compensation for the current fiscal year (2018).

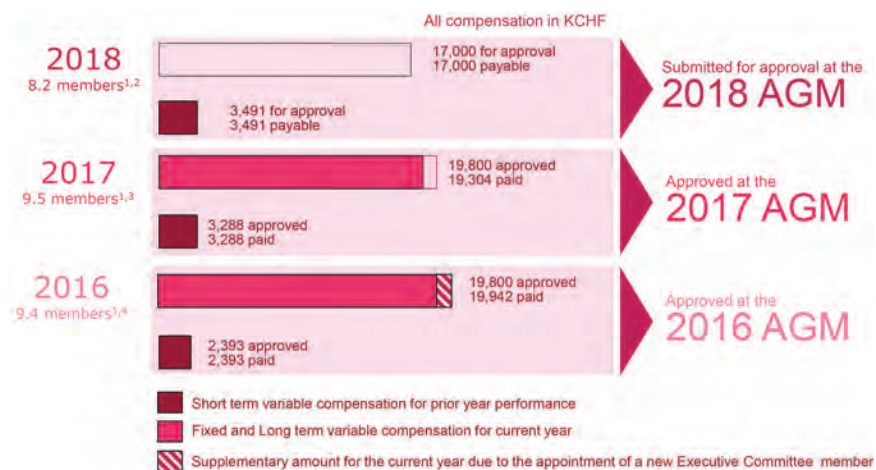

In addition, Givaudan pays compulsory social security insurance contributions as required by law.

Givaudan has paid amounts within the approved maximum amounts and in accordance with the Articles of Incorporation.

The proposed maximum aggregate amounts submitted for approval at this year's Annual General Meeting for the fixed and long term variable compensation of the Executive Committee decreased compared to last year. The compensation decrease reflects the net reduction in size of the Executive Committee from 9.5 to 8.2 full-time equivalent members resulting from the following events:

- Retirement of Joe Fabbri from his position as Head of Global Environment, Health and Safety (EHS) and Sustainability in fiscal year 2017;
- Completion of the transitional period linked to the appointment of Tom Hallam as Chief Financial Officer (CFO) and the outgoing CFO, Matthias Währen in fiscal year 2017; and
- Appointment of the new President of the Flavour Division, Louie D'Amico, as of 1st April 2018, and the period during which the outgoing President of the Flavour Division, Mauricio Graber, will provide management advice and support on some strategic projects.

The increase of the short term variable compensation for the past fiscal year (2017) compared to 2016 is attributable to achievement above target of sales growth and EBITDA resulting in an average of 117% of target pay-out for the members of the Executive Committee.

1) Full time equivalent Executive Committee members in the financial year. For short term variable compensation, the applicable number of members is referable to the prior year.

2) In 2018 the following member will join the Execution Committee: Louie D'Amico as President of the Flavour Division as of 1 April 2018. Due to the transitional period of 2 months between the incoming President of the Flavour Division and the outgoing President of the Flavour Division, Mauricio Graber, the total number of

Executive Committee members corresponds to 8.2 full-time equivalent members.

3) In 2017 the following member joined the Execution Committee: Tom Hallam, Chief Financial Officer (CFO). Due to the transitional period between the incoming CFO and the outgoing CFO, Matthias Währen, and the retirement of Joe Fabbri, Head of Global Environment, Health and Safety (EHS) and Sustainability, the total number of Executive Committee members corresponds to 9.5 full-time equivalent members.

4) During 2016 the following member was appointed: Anne Tayac, Head of Givaudan Business Solutions, as of 1 August 2016. Adrien Gonckel, Chief Information Officer, retired from the Executive Committee as of 1 August 2016 and was subject to a notice period ending 31 December 2016. Additional compensation of CHF 142'204 above the shareholder-approved amount was paid in accordance with our Articles of Incorporation (Art. 27).

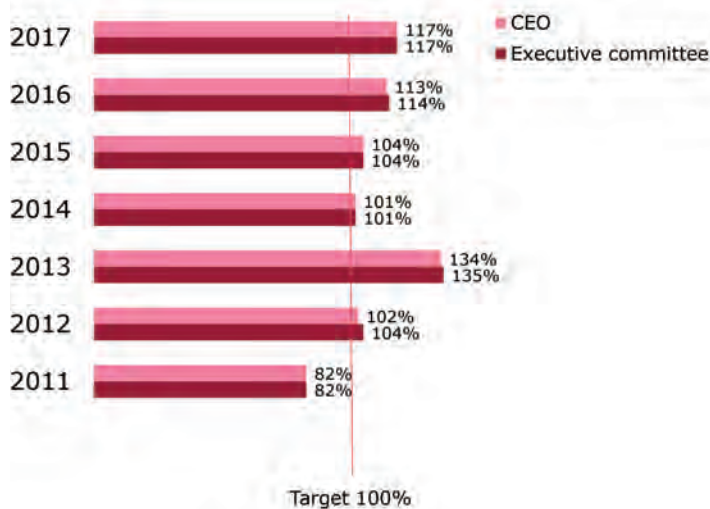

Short term variable compensation (2017 Annual Incentive Plan) (item 6.2.1)

The proposed Annual Incentive amount of CHF 3,490,698 for 2017 has been calculated with respect to the achievement against the pre-determined financial performance conditions set for 2017; 50% related to sales growth in local currencies and 50% to EBITDA margin.

For further details on our 2017 Annual Incentive Plan, please refer to the compensation report (pages 78 to 91 of the Givaudan annual report): www.givaudan.com/media/publications.

In 2017, Givaudan again delivered solid financial performance, with like-for-like sales growth and EBITDA margin reaching 4.9% and 21.6%, respectively. This resulted in the proposed 117% of target pay-out for the Chief Executive Officer and the other members of the Executive Committee.

The below table summarises 2017 and historical Annual Incentive achievement against target for the past seven years. Consistent with our compensation policy over this period, pay-out potential ranged between 0% and 200% of target.

Fixed and long term variable compensation (2018 Performance Share Plan – “PSP”) (item 6.2.2)

The proposed fixed and long term variable compensation is CHF 17,000,000 and, as an indication, consists of:

1. up to CHF 7,000,000 fixed compensation, comprising base salary, pension and other benefits; and
2. Performance Share Plan (PSP) grants.

The maximum compensation decreased compared to the 2017 amount approved by shareholders (CHF 19'800'000). Based on the Executive Committee changes indicated above, the proposed amount represents fixed and long term variable compensation for 8.2 full-time equivalent Executive Committee members (9.5 full-time equivalent members in 2017).

The maximum fixed compensation amount represents stable base salaries versus 2017 for existing members of the Executive Committee.

The PSP grants continue to represent more than half (52%) of total compensation for Executive Committee members, a practice which reinforces Givaudan's strong focus on long term performance.

The value of the PSP grants for 2018 are calculated according to IFRS methodology based on target achievement of performance criteria with no discount applied for the three year vesting period. The pay-out on the vesting date may differ due to share price fluctuation and achievement against predetermined performance criteria ranging from 0% to 200% of target.

At the vesting date three years from grant, performance may range from 0% to 200% of target, resulting in allocation of between zero and two Givaudan shares per performance share. The 2014 PSP vested on 29 March 2017 with a 105% pay-out. This reflects above target achievement on the free cash flow performance measure counterbalanced by a slightly below target achievement on the relative sales growth performance measure. In the event of lower levels of achievement, the PSP will vest below target (or not at all).

From 2018, PSP grants will be adjusted, with the following new features related to the performance matrix to be introduced:

- The performance range for relative sales growth will shift to -1.5% to 2.5% (previously -2% to 2%)
- A pay-out cap at 100% will be introduced in cases where relative sales growth may be below the peer group, even if an exceptional free cash flow margin is achieved
- Achieving threshold, target and maximum payout will be made more challenging overall.

For further details on the PSP, please refer to the compensation report (pages 78 to 91 of the Givaudan Annual Report): www.givaudan.com/media/publications.
